**Art Supplies Needed:** First, a word of advice from Jerry: *Fine Art techniques require Fine Art tools*. Often students appear at our classes with substandard quality supplies because they've selected last-minute items with little to no guidance from the retailer who sold them art supplies. Then once in our workshops, students encounter difficulty in achieving Jerry's techniques using some of these same retailer brushes and supplies. If you know Jerry, you know that he will **never** sell you a brush or an art product unless he really feels you need the item in order to improve your skill level and technique. Now, having said that:

You will receive a confirmation letter with supply list along with a map to the workshop location and to the hotel at least one month before the workshop date. You must furnish your own supplies – however – for your convenience and to ensure you have the appropriate quality – **an extensive collection of brushes, paints, canvases, books, and art supplies will be available for purchase at the workshop**. You must provide your own easel (floor or table) and a **18x24** canvas. Canvases will be available for purchase at the class.

Jerry prefers working in acrylics. However, if you prefer working with oils, use water-miscible oils. Jerry and others are allergic to traditional oils.

The Yarnell Studio & School of Fine Art has a *full art supply store* available to you – at our Studio, in our on-site workshops, and also in our online store at
